Dear Sir Robert,

The kind letter & Congratulations signed by yourself & Prof Hutton was forwarded here from Uxbridge & I hasten to acknowledge receipt of same with gratitude.

It certainly is pleasing to the old graduates of Toronto University to know that our fortunes even in foreign lands are followed with sympathetic & loyal interest by those in

authority. I regret that since my graduation in 1895 I have not kept up the interest I should have done in my alma mater and consequently I am all the more pleased with the receipt of your kind favor.

Kindly convey my thanks also to Prof Hutton and I beg to remain dear Sir Roberts

Yours most sincerely

Sir R. A. Falconer

Dear Sir Excuse me for claiming a few moments of your time as I seek information. In "The Presbyterian" of Nov 22nd last there is given an interpretation of the position of our church in the matter of the two other churches union with this year. It is there stated that "it is not legitimate .... to argue for local action on the ground that a larger union of the Churches is to take place by & by." but solely on the ground of the interests of the Kgd. of God in the given locality.

We have been considering the advisability of several local unions in our neighbourhood & I would like to know if the above is the official interpretation of the position of our church now.

Awaiting an early reply

Yours Sincerely

Dear Sir:

In the absence of Sir Robert Falconer in New York I beg to acknowledge the receipt of your letter and to say that Professor H. P. Thomson of our Department of Botany is doing work for the Red Cross in connection with sphagnum moss and he would be able to tell you all about your samples. I am sending your letter on to him, and I am sure if you write directly to him he will be able to give you satisfactory information.

Yours sincerely,

Sir Robert Falconer,

University of Toronto,

Toronto.

Dear Sir:

We have been selected as a committee by the third year Household Science students to interview you as President of the University in connection with some matters which are outlined in the enclosed petition. The students humbly request you to present the same to the Faculty of the Council of Arts.

The students hope that with your wonted kindness you will grant this interview as they wish to have some assurance from you that their complaints will receive the generous hearing, which they have been accustomed to connect with your presidency.

We should be very grateful if you could let us know as soon as possible when and where you could give us an interview.

Awaiting the favour of your reply,

Yours sincerely and obediently,

Dear Dr. Sinclair:

I was expecting to see you at Monday so I have not acknowledged your letter. As you can easily realise it would be out of the question for us in the University to take anything more than official steps in regard to the Faculty of Education. I have the hope, however, that the Government will see that their wise policy is to continue the Faculty as heretofore.

With kind regards, I am,

Yours sincerely,

President.

Rev. James Kenney Smith, D.D.,

Scotland Presbyterian Church,

Philadelphia, Pa.

Dear Dr. Smith:

My Norwegian friend Peter Petersen, M.D. would like to get work in the United States and am told by that there are two vacancies in Philadelphia in the Scotch Presbyterian Church and the Mount Moriah Church. In order to this you could perhaps get an appointment for him to preach.

I have known Dr. Petersen for three years. He was my physician for seven years and I have never found a higher average of good principle than he does. He is a most cultured man, widely read, a very delightful companion, and adds all the respect of his people. He is particularly wanted by an intelligent class of congregation.

If a letter is of any service to Dr. Petersen I should be glad if you will use it in what way you deem best.

Yours sincerely,

President.

With kind regards at this season of the year,

I am,
